

eXpancom and Business Connect partner to support Canadian and Mexican Companies expand their business

MEXICO CITY, June 19, 2009, eXpancom Inc and Business Connect announce a partnership to support demand from Canadian and Mexican companies looking to develop the Mexican and Canadian markets respectively.

"When our clients target Latin America, Mexico ranks top of the list", says Daniel Ramos, President of eXpancom Inc., adding "partnering with Business Connect, allows us to tap into their broad range of expertise and local connections in Mexico".

Business Connect has been servicing foreign companies and Trade Commissions for over 9 years, providing cross-sector research, and trade services. "Our services secure access to market opportunities in Mexico, the partnership with eXpancom brings us presence in Canada and other countries in Latin America", says Natalia Perez, Founding Partner of Business Connect.

Both companies will enhance their current offer by incorporating and promoting new services. eXpancom will include in its portfolio the Business Connect *Start-Up Support* solution, a unique service developed to assist foreigner companies to open and operate a new office in Mexico. On the other hand, Business Connect will now offer international trade solutions for those companies looking to market new products into the Canadian and Latin America markets.

About eXpancom:
